THIS MONTH'S MEETING

7:00 PM, Oct. 25, 2007 at the Cato Building, 212 South Maple St.

This month we are privileged to have a surprise guest speaker enlightening us on the intriguing topic of "Two Hymns". Interestingly two of the most well recognized hymns in Christendom have Civil War connections and you'll be very surprised to learn some of the other details about them and their authors. A very entertaining show you will not want to miss.

LAST MONTH'S MEETING

Last month we kicked back, loosened our belt and enjoyed an ole fashioned southern meal of fried catfish with all the trimmings that was fit for a Colonel. Afterwards we recognized some achievements and had some fun that was enjoyed by all. If you missed it, you missed this.....
